OEM LICENSE HVD FONTS

OEM (Original-Equipment-Manufacturer) End User License Agreement

HᵛD

Short Terms

→ **Protect the embedded Typeface from piracy.**

→ **Do not modify the Typeface in any form.**

→ **Do not distribute the Typeface in any other form than described in the EULA.**

Embedding in an Application
The Font Software may be embedded in an Application only if the relevant application fulfils the minimal requirements.

Application for Apple iOS version 3.2 and later

Application bundle
The application bundle is a ZIP compressed directory structure.
Requirements: It must contain the application executable file and the required support and resource files.

Application executable
The application executable is the executable file containing the application's code.
Requirements: The Application must use all embedded fonts either to display parts of the user interface or to display the data used by this application.

Info-plist
The information property list file, a file containing configuration data of the application.
Requirements: This file must list all embedded fonts in the 'UIAppFonts' section.

Application icon
Image file containing the icon used to represent the application.
Requirements: This file must be included in the application bundle.

Launch image
A screen-size image that is displayed when the application launches.
Requirements: This file must be included in the application bundle.

You are not allowed to use the Font Software in OEMs or Applications which do not fulfil these requirements. The Font Software may be used only to display either the user interface of the Application or the data used by the Application. If the Application creates documents, the Font Software may be embedded in those documents only as a rasterized presentation of the Font Software but neither as a subset of the Font Software nor as a copy of the original FontSoftware. You need an additional licence from HVD Fonts or its distributors if you want to use the Font Software apart from the Application.

Protection
You give your best and use the newest standards to protect the embedded fonts from extraction from the Application (font piracy).

Modifications
You may not modify, adapt, translate, reverse engineer, decompile, disassemble, alter, or attempt to discover the source code of the Font Software.

Ownership
The Font Software, and all copies thereof, is protected by national and international copyright and/or design law and by international treaties. Any copyright, trademark and other rights belong exclusively to HVD Fonts.

Transfer of License
You may not give, rent or lease the Font Software or parts of it to third parties.

Warranties
HVD Fonts warrants to you that the Font Software will perform substantially in accordance with the Documentation for the ninety (90) day period following your receipt of the Font Software. To make a warranty claim, you must return the Font Software to the location from which you obtained it along with a copy of your sales receipt within such ninety (90) day period. If the Font Software does not perform substantially in accordance with the Documentation, the entire and exclusive liability and remedy shall be limited to either, at HVD Fonts's option, the replacement of the Font Software or the refund of the licence fee you paid for the Font Software. HVD Fonts and its suppliers do not and cannot warrant the performance or results you may obtain by using the Font Software or Documentation. The foregoing states the sole and exclusive remedies for HVD Fonts's or its suppliers' breach of warranty. In no event will HVD Fonts or its suppliers be liable to you for any consequential, incidental or special damages, including any lost profits or lost savings, even if a HVD Fonts representative has been advised of the possibility of such damages, or for any claim by any third party.

Governing Law
This Agreement will be governed by the laws of Germany. This agreement will not be governed by the United Nations Convention of Contracts for the International Sale of Goods, the application of which is expressly excluded. You agree that the Font Software will not be shipped, transferred or exported into any country or used in any manner prohibited by the United States Export Administration Act or any other applicable export laws, restrictions or regulations.

Termination
HVD Fonts has the right to terminate your licence immediately if you fail to comply with any term of this Agreement. Upon termination, you must destroy the original and any copies of the Font Software and Documentation.

HVD Fonts GmbH, Stolzenfelsstr. 6, 10318 Berlin/Germany
